Today we are looking at 3 years of Chaffinch involvement in Tashley's life.

Tashley has been part of our lives since the very beginning and has a marvellous sponsor who has helped to ensure Tashley's healthy and happy development.

Tashley is the daughter of one of the Future Stars staff, Janet. Janet is the fantastic housemother who stays with the residential children overnight to keep them safe and attend to their needs. She does this unpaid, and works a second job, at a supermarket a few miles outside Kibera, during the day.

Tashley lives at the centre and has attended the Future Stars school right from nursery. She has now grown from a small toddler into a proper little girl.

Child Sponsorship

There are many children at Future Stars who would love a sponsor like Tashley's. Could you be that special person who supports a child and ensures their development? Sponsorship costs just over £1 a day and makes a huge difference to the future of one of these vulnerable children.

Why not read some more about our sponsorship programme and the children looking for sponsors...
